Frequently Asked Questions

A. General Information about TEMPO Wireless

i. What is TEMPO Wireless?

TEMPO Wireless is a mobile website that enables real estate professionals to search and retrieve MLS data from a wireless handheld device and provide that information to their prospects and clients anytime and anywhere there is cellular coverage.

ii. Is TEMPO Wireless the same as CBR TEMPO MLS?

TEMPO is NOT a replacement for CBR TEMPO MLS, it is a separate website designed specifically for wireless handhelds allowing instant access to MLS information while in the field.

iii. When I register for TEMPO Wireless, am I registering my device with CBR MLS?

When you register for TEMPO Wireless, you are validating your subscription with CBR MLS. In other words, you are not registering your device. This is a benefit to you because this means that you have the flexibility to change or upgrade your mobile device **without** having to re-register for the wireless MLS service.

iv. What do I need to get started with TEMPO Wireless?

You need:

1. To register for TEMPO Wireless, open the Internet browser on your desktop computer or laptop and go to: <http://wireless.columbusrealtors.com/register>. Fill out the online form and click the submit button to complete your registration.
2. TEMPO Wireless works on mobile devices that has access to the web/Internet including phones, however TEMPO Wireless provides the **best end-user experience** on mobile devices with QWERTY keyboards such as:
 - i. BlackBerry® handhelds
 - ii. Apple® iPhone™
 - iii. Windows Mobile® cellular devices
 - iv. Palm® handhelds
 - v. Data Capable Phones (e.g. BlackJack™, Shadow™)

v. Is my wireless device compatible with TEMPO Wireless?

TEMPO Wireless runs on *any* mobile device that supports HTML Internet browsing, but is **ideally suited** for handheld devices with built-in, full keyboards (commonly known as a "QWERTY" keyboard).

vi. Do I need to install software or sync my wireless handheld to run TEMPO Wireless?

Because TEMPO Wireless is a website, this means there is absolutely no software to install or download onto your handheld device, and no synchronizations are necessary to run TEMPO Wireless.

You can immediately use TEMPO Wireless after you register. To access TEMPO Wireless, open the Internet browser on your handheld device and go to the TEMPO Wireless website, <http://wireless.columbusrealtors.com>

Frequently Asked Questions

vii. Can't I just access TEMPO on my wireless handheld?

TEMPO is designed to be displayed on full-sized laptop or desktop computer monitors, and therefore will not display properly on wireless handhelds.

TEMPO Wireless is the wireless extension of TEMPO. It is a separate and unique user interface to your MLS database, specifically designed to display MLS data on the smaller display screens found on wireless handheld devices.

viii. Which carrier/wireless service provider is TEMPO Wireless compatible with?

TEMPO Wireless is carrier independent and works with all the major carriers across North America.

ix. What is the pricing for TEMPO Wireless?

CBR MLS is proud to make TEMPO Wireless available to subscribers **free of charge**. There are no set up fees and no contracts to sign.

Your TEMPO Wireless account includes access to the TEMPO Wireless website, online support documents, and toll-free and e-mail technical support.

TEMPO Wireless does not include wireless hardware or subscription to a data access plan.

x. Where can I purchase a wireless handheld device and data plan?

Please visit a wireless service provider, such as AT&T, Sprint or Verizon for your wireless hardware and data plan needs.

xi. How much data does a listing search typically take up?

The average size to retrieve 1 MLS listing, including one property photo is approximately 30-50 kb.

xii. How up-to-date is the MLS data from TEMPO Wireless?

Each search is executed live and in real-time. You'll be able to access up-to-the-second MLS data as your real estate board updates the database.

Frequently Asked Questions

B. Registration Information

i. How do I register for TEMPO Wireless?

Registering for TEMPO Wireless is a simple and easy process. Open the Internet browser on your desktop computer or laptop and visit <http://wireless.columbusrealtors.com/register/register>. Complete the form and click "Submit".

Note: the password for TEMPO Wireless is case sensitive so if your password entry fails, try entering it in all UPPER case to see if that works. If your password continues to fail, please contact the Columbus Board of REALTORS® to find out how your password is stored in the MLS database.

Once you have successfully registered, you can immediately use the service on your mobile device. Try it out!

ii. How do I unsubscribe from TEMPO Wireless?

You can unsubscribe to TEMPO Wireless at any time you wish. To cancel your subscription to the TEMPO Wireless service, go to the registration page at <http://wireless.columbusrealtors.com/register> and click the "Unsubscribe" link found at the bottom of the "Wireless Resource Center".

Frequently Asked Questions

C. Using TEMPO Wireless

i. How do I access TEMPO Wireless from my device?

Open the Internet browser on your wireless handheld and go to <http://wireless.columbusrealtors.com>

NOTE: There may be two types of web browsers on your handheld device, a “WAP” browser, and an “HTML” or an “Internet” browser. Be sure to use the HTML/Internet browser, as opposed to the WAP browser to successfully access TEMPO Wireless.

ii. Why can't I view property photos on my device?

If you still cannot view the property photos, please check to see that your device supports picture viewing and that the option to view web page images is turned on. Many devices have an option to disable viewing of photos to speed up web page downloads. This feature may have been set to disabled from the manufacturer as the default option.

iii. Am I required to logout of TEMPO Wireless after each session?

Be sure to logout after each TEMPO Wireless session. Closing the browser to exit the application may result in a 5 minute delay before being able to login for a new session.

To logout, click on the **Top Menu** link at the bottom of the page and select '**Logout**'. For your convenience, the **Top Menu** link is located at the bottom of each page within the TEMPO Wireless website.

iv. What is the Today's Hotsheet?

The Today's Hotsheet enables you to quickly view all recent changes in the MLS from **midnight the previous day**.

v. What are wild card searches?

Each search type in TEMPO Wireless, whether you are conducting searches using the '**MLS# Search**', '**Quick Search**' or '**Roster Search**' method, defaults to a wildcard search.

For example, if you were to enter a street name of “Maple” you would see results such as:

123 Maple
456 Maple St
789 Maple Boulevard
222 Mapleton Rd

vi. Can I view multiple property photos for a listing?

Yes. TEMPO Wireless displays multiple property photos, if available in your board's database. By requesting more photos, please note that it may take longer to download the pictures to your device.

Frequently Asked Questions

D. Troubleshooting

i. Why can't I register for my TEMPO Wireless account?

- a. If you receive an error messaging reporting that your "Account already exists",
 - You have previously registered for TEMPO Wireless.
 - You can immediately go to the TEMPO Wireless website at <http://wireless.columbusrealtors.com> and login with your TEMPO User ID and Password.
 - The TEMPO Wireless password field is also case sensitive.
- b. To register for your TEMPO Wireless account, you must be an active real estate agent in good standing with CBR MLS.

ii. Why can't I login to TEMPO Wireless?

To troubleshoot your issue, review the following steps:

- a. Ensure your wireless handheld device supports HTML Internet browsing. If you can access <http://wireless.columbusrealtors.com> and see the TEMPO Wireless logo, then your wireless device is compatible with TEMPO Wireless.
- b. Be sure that you have registered for TEMPO Wireless.
- c. If your password is not accepted, remember that the password is case sensitive – try entering in all UPPER case to see if that might work. If your password continues to fail, please contact the Columbus Board of REALTORS® to find out how your password is stored in the MLS database.
- d. Is the TEMPO Wireless website address entered correctly in the browser on your mobile device? Make sure that the website address contains only this text: <http://wireless.columbusrealtors.com> . If there are any extra characters appearing after the ".com" in the address, you are trying to login to an expired secured login session. Please edit the website address to remove any extra characters after the ".com" to be sure to get a "fresh" login screen.
- e. If you still cannot login to TEMPO Wireless, contact TEMPO Wireless Support via toll-free 1-877-460-2550 or e-mail at temposupport@mosthome.com. TEMPO Wireless Support hours are from 7:00 AM – 5:00 PM PST.
- f. You also have 24x7 access to TEMPO Wireless support materials online at <http://wireless.columbusrealtors.com/register>. Under the "Wireless Resource Center", you'll find a variety of support materials including a Tutorial on TEMPO Wireless, a White Paper on how to select a wireless device and data plan, and more.
